WE ADVERTISE ONLY WHEN WE ARE ABLE TO PLACE BEFORE OUR CUSTOMERS GOODS THAT TELL THEIR OWN STORY.

In other words, Goods that are so cheap that it is palpable to every one that takes the trouble to look at them. Bargains do not grow on every bush. We advertise only when we have positive bargains to show.

Our customers are aware that our advertisements are a simple statement of facts, hence when we do advertise we are sure of a response.

We have just bought a consignment of very fine English Suitings that constituted the SPECIAL ORDER of a fine merchant tailor, whose prices for suits range from \$50.00 to \$75.00.

Between the time of shipment on the other side and their arrival in the Custom House here the importers determined that it would not be to their interests to deliver the goods as originally intended.

They were offered to us at a very low price, and that is exactly how we are enabled to place before our customers one of the choicest lots of Foreign Suitings ever entered in the port of New York. In order to secure a rapid sale we have divided the foregoing lot into two classes, viz.:

\$20.00 and \$25.00 FOR A SUIT MADE TO ORDER.

Recollect, these suits are cut to your measure by the most experienced artists in the business. They are all made up under our direct supervision by our own skilled tailors, and have our FULL GUARANTEE in every particular. The trimmings combine elegance and durability; in short, a first-class suit of custom-made clothes in every respect. We also show a handsome line of \$5.00 Trouserings in silk and worsted stripes and checks that we know all about and can guarantee.

There are thousands and thousands of people in New York and its vicinity who are in the habit of paying for a readymade suit of inferior goods more money than we are asking for the finest imported fabrics made to order. Hence we say IT IS FOLLY TO BUY READY-MADE CLOTHING.
